MANAGEMENT INFORMATION CIRCULAR GENERAL PROXY INFORMATION

Solicitation of Proxies

This management information circular ("**Management Information Circular**") is furnished in connection with the solicitation of proxies by the management and directors of **TALISKER RESOURCES LTD.** (the "**Company**") for use at the annual and special meeting of the shareholders of the Company (the "**Meeting**") to be held at the head office of the Company at 350 Bay Street, Suite 400, Toronto, Ontario, Canada, M5H 2S6 on Thursday, June 24, 2021, and at all adjournments thereof for the purposes set forth in the accompanying notice of the Meeting (the "**Notice of Meeting**").

The solicitation of proxies will be made primarily by mail and may be supplemented by telephone or other personal contact by the directors, officers and employees of the Company. Directors, officers and employees of the Company will not receive any extra compensation for such activities. The Company may also retain, and pay a fee to, one or more professional proxy solicitation firms to solicit proxies from the shareholders of the Company in favour of the matters set forth in the Notice of Meeting. The Company may pay brokers or other persons holding common shares of the Company ("**Common Shares**") in their own names, or in the names of nominees, for their reasonable expenses for sending proxies and this Management Information Circular to beneficial owners of Common Shares and obtaining proxies therefrom. The cost of the solicitation will be borne directly by the Company.

No person is authorized to give any information or to make any representation other than those contained in this Management Information Circular and, if given or made, such information or representation should not be relied upon as having been authorized by the Company. The delivery of this Management Information Circular shall not, under any circumstances, create an implication that there has not been any change in the information set forth herein since the date hereof.

This Management Information Circular is being sent to both registered and non-registered owners of the Common Shares. If you are a non-registered owner, and the Company or its agent has sent this Management Information Circular directly to you, your name and address and information about your holdings of Common Shares, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

Non-Registered Shareholders

Only registered shareholders of the Company, or the persons they appoint as their proxies, are entitled to attend and vote at the Meeting. However, in many cases, Common Shares beneficially owned by a person (a "**Non-Registered Shareholder**") are registered either:

- (a) in the name of an intermediary (an "**Intermediary**") with whom the Non-Registered Shareholder deals in respect of the Common Shares (Intermediaries include, among others: banks, trust companies, securities dealers or brokers, trustees or administrators of a self-administered registered retirement savings plan, registered retirement income fund, registered education savings plan and similar plans); or
- (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited, in Canada, and the Depository Trust Company, in the United States) of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators, the Company has distributed copies of the Notice of Meeting, this Management Information Circular and its form of proxy (collectively the "**Meeting Materials**") to the Intermediaries and clearing agencies for onward distribution to Non-Registered Shareholders. Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless the Non-Registered Shareholders have waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either:

- (a) be given a voting instruction form **which is not signed by the Intermediary** and which, when properly completed and signed by the Non-Registered Shareholder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a "voting instruction form") which the Intermediary must follow. Typically, the voting instruction form will consist of a one-page pre-printed form. Sometimes, instead of the one-page pre-printed form, the voting instruction form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. In order for the form of proxy to validly constitute a voting instruction form, the Non-Registered Shareholder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company; or
- (b) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of Common Shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the form of proxy and deposit it with TSX Trust Company, 100 Adelaide Street West, Suite 301, Toronto, Ontario, Canada M5H 4H1.

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the Common Shares they beneficially own. Should a Non-Registered Shareholder who receives either a voting instruction form or a form of proxy wish to attend the Meeting and vote in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the names of the persons named in the form of proxy and insert the Non-Registered Shareholder's (or such other person's) name in the blank space provided or, in the case of a voting instruction form, follow the directions indicated on the form. **In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediaries and their service companies, including those regarding when and where the voting instruction form or the proxy is to be delivered.**

Appointment and Revocation of Proxies

The persons named in the form of proxy accompanying this Management Information Circular are directors and/or officers of the Company. A shareholder of the Company has the right to appoint a person or company (who need not be a shareholder), other than the persons whose names appear in such form of proxy, to attend and act for and on behalf of such shareholder at the Meeting and at any adjournment thereof. Such right may be exercised by either striking out the names of the persons specified in the form of proxy and inserting the name of the person or company to be appointed in the blank space provided in the form of proxy, or by completing another proper form of proxy and, in either case, delivering the completed and executed proxy to TSX Trust Company in time for use at the Meeting in the manner specified in the Notice of Meeting.

A registered shareholder of the Company who has given a proxy may revoke the proxy at any time prior to use by: (a) depositing an instrument in writing, including another completed form of proxy, executed by such registered shareholder or by his or her attorney authorized in writing or by electronic signature or, if the registered shareholder is a corporation, by an officer or attorney thereof properly authorized, either: (i) at the principal office of the Company, 350 Bay Street, Suite 400, Toronto, Ontario, Canada M5H 2S6, at any time prior to 10:00 a.m. (Toronto time) on the second last business day preceding the day of the Meeting or any adjournment thereof, (ii) with TSX Trust Company, 100 Adelaide Street West, Suite 301, Toronto, Ontario, Canada M5H 4H1, at any time prior to 10:00 a.m. (Toronto time) on the second last business day preceding the day of the Meeting or any adjournment thereof, or (iii) with the chairman of the Meeting on the day of the Meeting or any adjournment thereof; (b) transmitting, by telephone or electronic means, a revocation that complies with paragraphs (i), (ii) or

(iii) above and that is signed by electronic signature, provided that the means of electronic signature permits a reliable determination that the document was created or communicated by or on behalf of such shareholder or by or on behalf of his or her attorney, as the case may be; or (c) in any other manner permitted by law including attending the Meeting in person.

A Non-Registered Shareholder who has submitted a proxy may revoke it by contacting the Intermediary through which the Non-Registered Shareholder's Common Shares are held and following the instructions of the Intermediary respecting the revocation of proxies.

Exercise of Discretion by Proxies

The Common Shares represented by an appropriate form of proxy will be voted or withheld from voting on any ballot that may be conducted at the Meeting, or at any adjournment thereof, in accordance with the instructions of the shareholder thereon. **In the absence of instructions, such Common Shares will be voted for each of the matters referred to in the Notice of Meeting as specified thereon.**

The enclosed form of proxy, when properly completed and signed, confers discretionary authority upon the persons named therein to vote on any amendments to or variations of the matters identified in the Notice of Meeting and on other matters, if any, which may properly be brought before the Meeting or any adjournment thereof. At the date hereof, management of the Company knows of no such amendments or variations or other matters to be brought before the Meeting. However, if any other matters which are not now known to management of the Company should properly be brought before the Meeting, or any adjournment thereof, the Common Shares represented by such proxy will be voted on such matters in accordance with the judgment of the person named as proxy therein.

Signing of Proxy

The form of proxy must be signed by the shareholder of the Company or the duly appointed attorney of the shareholder of the Company authorized in writing or, if the shareholder of the Company is a corporation, by a duly authorized officer of such corporation. A form of proxy signed by the person acting as attorney of the shareholder of the Company or in some other representative capacity, including an officer of a corporation which is a shareholder of the Company, should indicate the capacity in which such person is signing and should be accompanied by the appropriate instrument evidencing the qualification and authority to act of such person, unless such instrument has previously been filed with the Company. A shareholder of the Company or his or her attorney may sign the form of proxy or a power of attorney authorizing the creation of a proxy by electronic signature provided that the means of electronic signature permits a reliable determination that the document was created or communicated by or on behalf of such shareholder or by or on behalf of his or her attorney, as the case may be.

Attendance at the Meeting

Given the continuing COVID-19 pandemic, the Company asks that shareholders follow the current instructions and recommendations of federal, provincial and local health authorities. While it is not known what the situation with COVID-19 will be on the date of the Meeting, the Company will adhere to all government and public health authority recommendations and restrictions in order to support efforts to reduce the impact and spread of COVID-19. As such, in order to mitigate potential risks to the health and safety of our communities, shareholders, employees and other stakeholders, the Company is urging all shareholders to vote by proxy in advance of the Meeting and access the Meeting online or by telephone utilizing the following link - https://us02web.zoom.us/webinar/register/WN_mmJJBUSITKa6iYcVY8VliQ and not attend in person unless and until all social distancing recommendations or restrictions have been lifted. The Company will follow the guidance and orders of government and public health authorities in that regard, including those restricting the size of public gatherings and attendance at the Meeting may be limited to only the legal requirements for shareholder meetings.

Bankruptcies, Orders, Management Cease Trade Orders, Penalties and Sanctions

Other than as disclosed herein, to the knowledge of the Company, no proposed nominee for election as a director of the Company:

- (a) is, as at the date of this Management Information Circular, or has been, within 10 years before the date of this Management Information Circular, a director, chief executive officer or chief financial officer of any company (including the Company) that:
- (i) was subject to a cease trade order or similar order or an order denying the relevant company access to any exemptions under securities legislation, in effect for more than 30 consecutive days (any such order, an “**Order**”), that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer;
 - (ii) was subject to an Order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred

while that person was acting in the capacity as a director, chief executive officer, or chief financial officer; or

- (b) is, as at the date of this Management Information Circular, or has been within 10 years before the date of this Management Information Circular, a director or executive officer of any company (including the Company) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or
- (c) has, within the 10 years before the date of this Management Information Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director, or

Majority Voting for Directors

The Board has adopted a majority voting policy (the “**Majority Voting Policy**”) stipulating that each director nominee must be elected by a majority of the votes cast by shareholders with respect to his or her election. If a director nominee is not elected by at least a majority of the votes cast, the nominee will submit his or her resignation promptly after the shareholders’ meeting to the Chairman of the Board, which will become effective only upon acceptance by the Board. The Board will consider such resignation, all factors considered relevant by the Board, including without limitation, the stated reasons (if any) why Shareholders withheld votes from the election of that director nominee, the effect such resignation may have on the Company’s ability to comply with applicable corporate or securities law requirements, the Company’s other corporate governance policies, applicable regulations or commercial agreements regarding the composition of the Board, the dynamics of the Board and any applicable stock exchange’s listing standards. Within 90 days of the shareholders’ meeting, the Board will decide whether or not to accept the resignation. A director who tenders a resignation pursuant to the Majority Voting Policy is not permitted to participate in any meetings of the Board or committee of the Board at which his or her resignation is being considered. Once the Board has decided whether to accept a resignation pursuant to the Majority Voting Policy, the Company will promptly issue a news release with the Board’s decision and provide a copy to the Toronto Stock Exchange (the “**TSX**”). In the event the Board does not accept a resignation, it will include full reasons for its decision in the news release. The Majority Voting Policy does not apply in circumstances involving contested director elections. A copy of the Majority Voting Policy is available on the Company’s website (www.taliskeresources.com).

PROXIES RECEIVED IN FAVOUR OF MANAGEMENT WILL BE VOTED FOR THE ELECTION OF THE ABOVE-NAMED NOMINEES, UNLESS THE SHAREHOLDER HAS SPECIFIED IN THE PROXY THAT THE COMMON SHARES ARE TO BE WITHHELD FROM VOTING IN RESPECT THEREOF. Management has no reason to believe that any of the nominees will be unable to serve as a director but, if a nominee is for any reason unavailable to serve as a director, proxies in favour of management will be voted in favour of the remaining nominees and may be voted for a substitute nominee unless the shareholder has specified in the proxy that the Common Shares are to be withheld from voting in respect of the election of directors.

(3) Appointment of Auditor

Shareholders will be asked to consider and, if thought advisable, to pass an ordinary resolution to appoint the firm of PricewaterhouseCoopers LLP (“**PwC**”), to serve as the auditor of the Company until the next annual meeting of shareholders and to authorize the directors of the Company to fix the auditor’s remuneration as such. PwC was retained as auditor of the Company on January 10, 2020.

Unless the shareholder directs that his or her Common Shares are to be withheld from voting in connection with the appointment of the auditor, the persons named in the enclosed form of proxy intend to vote FOR the re-appointment of PwC to serve as auditor of the Company until the next annual meeting of shareholders and to authorize the Directors to fix their remuneration.

OTHER MATTERS WHICH MAY COME BEFORE THE MEETING

Management of the Company knows of no matters to come before the Meeting other than as set forth in the Notice of Meeting. However, if other matters which are not known to management should properly come before the Meeting, the accompanying proxy will be voted on such matters in accordance with the best judgment of the persons voting the proxy.

COMPENSATION OF DIRECTORS

Non-Executive Directors' Fees

The Board determines the level of compensation for directors, based on recommendations from the compensation committee (the "**Compensation Committee**"). The Board is responsible for reviewing the compensation of members of the Board to ensure that the compensation realistically reflects the responsibilities and risks involved in being an effective director. The Board has established a cash compensation program for its non-executive directors with respect to general directors' duties, meeting attendance or for additional service on Board committees. Up to November 27, 2020, the Company provided \$3,000 per month in cash compensation to each non-executive member of the Board and an additional \$5,000 for the Chair of a sub-committee of the Board. On November 27, 2020, the Board resolved, at the recommendation of the Compensation Committee, that Morris Prychidny's compensation as Chairman be set at \$48,000 per annum and that compensation for the Chair of a sub-committee of the Board, other than the Audit Committee, be increased from \$5,000 to \$6,000 per annum with the Audit Committee Chair compensation being increased to \$8,000 per annum.

Fees earned by non-executive directors are paid by the Company on a monthly basis. All directors of the Corporation are reimbursed for their expenses and travel incurred in connection with attending directors' meetings.

Non-executive directors are eligible to participate in certain of the Company's share incentive plans, being the Stock Option Plan (as defined below), and the RSU Plan (as defined below). Directors' fees are reviewed periodically and may be changed from time to time.

The following table provides information regarding compensation paid to the non-executive directors of the Company in respect of the financial year ended December 31, 2020. Notes:

- (1) The "grant date fair value" has been determined by using the Black-Scholes model. The Company has calculated the "grant date fair value" amounts for option values using the Black-Scholes model, a mathematical valuation model that ascribes a value to a stock option based on a number of factors in valuing the option-based awards, including the exercise price of the option, the price of the underlying security on the date the option was granted and assumptions with respect to the volatility of the price of the underlying security and the risk-free rate of return. The grant date fair value of the Options granted in 2020 was estimated using the Black-Scholes valuation model with the following assumptions: (a) for the 1,300,000 Options granted February 14, 2020, a five year expected term; expected volatility of 100%, risk free interest rate of 1.37% and a dividend yield of nil; (b) for the 1,100,000 Option granted August 20, 2020, a five year expected term, expected volatility of 100%, risk free interest rate of 0.37% and a dividend yield of nil; and (c) for the 4,425,000 Options granted December 11, 2020, a five year expected term, expected volatility of 100%, risk free interest rate of 0.44% and a dividend yield of nil. The assumptions used in the pricing model are highly subjective and can materially affect the estimated fair value. In 2020, the Company granted a total of 2,355,000 Options to non-executive Directors, 400,000 exercisable at \$0.39 and 1,955,000 exercisable at \$0.33, all of which are exercisable for a period of five years. Calculating the value of options using this methodology is very different from a simple "in-the-money" value calculation. In fact, options that are out-of-the-money can still have a significant "grant date fair value" based on a Black-Scholes valuation, especially where, as in the case of the Company, the price of the shares underlying the option is highly volatile. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation.

The NEOs of the Company during the 2020 financial year were: (i) Terence Harbort, the Company's President and Chief Executive Officer; (ii) Andres Tinajero, the Company's Chief Financial Officer; (iii) Leonardo Souza, the Company's Vice President, Exploration; and (iv) Michael McPhie, the Company's Vice President, Sustainability and External Affairs.

Compensation Committee

The Compensation Committee is appointed by the Board to assist in fulfilling its corporate governance responsibilities under applicable laws, to assist the Board in setting director and senior executive compensation, and makes recommendations to the Board concerning the compensation of directors and the Company's executive officers. The Compensation Committee also has the responsibility of making recommendations concerning annual bonuses and grants to eligible persons under the Company's Stock Option Plan (the "**Stock Option Plan**") and Restricted Share Unit Plan (the "**RSU Plan**"). The directors of the Company, in consultation with the Compensation Committee, determine the level of compensation in respect of the executive officers of the Company.

The Compensation Committee is currently comprised of Susan J. Mitchell (Chair), Eric Tremblay and Blair Zaritsky. All of the members of the Compensation Committee are independent within the meaning of National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("**NI 58-101**"). See also "Statement of Corporate Governance – Compensation Committee".

Compensation Process

The Board relies on the knowledge and experience of the members of the Compensation Committee to set, review and recommend appropriate levels of compensation for senior officers. The Compensation Committee adopted a compensation process whereby it will review annually the total remuneration (including benefits) and the main components thereof for the officers and directors, and may compare such remuneration with that of peers in the same industry, and review periodically the Option Plan, the DSU Plan, the RSU Plan and the ESP Plan (as defined below) (collectively, the "**Compensation Plans**"), and consider these in light of new trends and practices of peers in the same industry. The Compensation Committee's recommendations regarding director and officer compensation are presented to the Board for its consideration and approval. The Board is responsible for reviewing the compensation of members of senior management to ensure that they are competitive within the industry and that the form of compensation aligns the interests of each such individual with those of the Company.

Compensation Program

Principles/Objectives of the Compensation Program

The primary goal of the Company's executive compensation program is to attract, motivate and retain top quality individuals at the executive level. The program is designed to ensure that the compensation provided to the Company's senior officers is determined with regard to the Company's business strategy and objectives and financial resources, and with the view of aligning the financial interests of the senior officers with those of the Shareholders. The Compensation Committee has focused on ensuring that the members of the senior management team successfully create significant value for the Company given their knowledge of the industry, their past execution track record and their demonstrated ability to work as part of a team in an entrepreneurial culture.

In the performance of its duties, the Compensation Committee is guided by the following principles:

- establishing sound corporate governance practices that are in the interests of Shareholders and that contribute to effective and efficient decision-making;
- offering competitive compensation to attract, retain and motivate the very best qualified executives in order for the Company to meet its goals; and
- acting in the interests of the Company and the Shareholders by being fiscally responsible.

Independent Compensation Consultants

For the year ended December 31, 2020, the Company engaged FocusHR, independent third party executive compensation consultants to provide analysis and recommendations on NEO compensation (the “**Focus HR Report**”). The Focus HR Report utilized the following peer group for their analysis and recommendations: Bon Terra Resources Inc., Filo Mining Corp., Integra Resources Corp., O3 Mining inc., Solvista Gold Corp. and Zen Graphene Solutions Ltd.

Components of Compensation Program

The Company provides senior officers with base salaries that represent their minimum compensation for services rendered, or expected to be rendered. NEOs' base compensation depends on the scope of their experience, responsibilities, leadership skills, performance, length of service, general industry trends and practices, competitiveness, and the Company's existing financial resources. Base salaries are reviewed annually by the Compensation Committee.

Base salary is a fixed element of compensation that is payable to each NEO for performing the specific duties of the position. The amount of base salary is determined through negotiation of employment terms with each NEO and is determined on an individual basis. While base salary is intended to fit into the Company's overall compensation objectives by serving to attract and retain talented executive officers, the size of the Company and the nature and stage of its business also impacts the level of base salary. Compensation is set with informal reference to the market for similar jobs in Canada and internationally.

Base salaries are reviewed annually, at the beginning of each year, by the Compensation Committee or at such other time, as required. The Compensation Committee considered increasing the base salary of certain NEOs of the Company based on the success of the Company in the fiscal year ended December 31, 2020 and the increased size and scope of certain NEO roles.

Annual Incentive Compensation

The annual incentive program for the NEOs is based on their performance as a team against corporate objectives approved by the Board at the beginning of the financial year. NEOs are compensated such that their annual salary is a set amount, and their bonus is conditional and pro-rated on the achievement of the corporate objectives. The targets for annual incentive compensation for NEOs has been established as set out in the below table, with underachievement penalized and overachievement recognized. Annual incentive compensation is made at the sole discretion of the Board, based on the recommendation of the Compensation Committee.

Named Executive Officer	Maximum Bonus (% of Annual Compensation)	Maximum Bonus Calculated On	
		Corporate Objectives	Personal Objectives
Terence Harbort	100%	100%	0%
Andres Tinajero	100%	75%	25%
Leonardo de Souza	50%	75%	25%
Michael McPhie	50%	50%	50%

As part of its duties and responsibilities and in conjunction with year-end assessments, the Compensation Committee reviews the achievement of the Company's objectives set at the beginning of the year, and assesses

each element contained in the corporate objectives. The Company's key objectives and the achievements for the years ended December 31, 2019 and 2020 included:

Assessment of 2020 Key Objectives by the Compensation Committee

The Compensation Committee assessed management's performance based on a "team" basis. This approach fosters strong relationships among senior executives, to the long-term benefit of the shareholders. To determine the percentage of annual incentive compensation paid to each NEO, the Compensation Committee considered, for each 2020 key objective, the allocation and achievement rate. During the 2020 fiscal year, all of the objectives were met or exceeded.

The following annual incentive awards were approved for each NEO of the Company:

Named Executive Officer	Base Salary	Award Paid ⁽¹⁾
Terence Harbort	\$240,000	\$330,000
Andres Tinajero	\$180,000	\$240,000
Leonardo Souza	\$140,000	\$70,000
Michael McPhie	\$120,000	\$42,000

Note:

(1) The Award paid for Terence Harbort and Andres Tinajero was at 1.5x to reflect bonus for the years ended December 31, 2019 and 2020.

Given the growth of the Company, the objectives of the Company for upcoming periods will differ from the key objectives utilized for the years ended December 31, 2019 and 2020.

Long-Term Incentive Compensation

The Option Plan and RSU Plan are considered long-term incentive plans of the Company. The Company's long-term compensation program ensures the alignment of the NEOs with the shareholders and other stakeholders in the value creation process.

Stock Option Plan

On March 29, 2019, Shareholders approved the amended the stock option plan (the "**Stock Option Plan**") which is designed to advance the interests of the Company by, among other things, encouraging stock ownership by certain eligible individuals, including employees, officers, and consultants of the Company. The Stock Option Plan is administered by the Board or a duly appointed committee of the Board, consisting of not less than three directors, all of whom are independent. The Stock Option Plan is as an integral component of the Company's executive compensation arrangements. In general, options are granted, at the discretion of the Board, and generally fully vest on the date of grant.

The Board believes that the grant of options to senior officers serves to align their interests with those of the Shareholders and motivate the achievement of the Company's long-term strategic objectives, which will benefit Shareholders. Options may be awarded by the Board to directors, officers, employees and consultants of the Company, on the basis of the recommendation of the Compensation Committee. Option grants are based on a number of factors, including the individual's level of responsibility and their contribution towards the Company's goals and objectives. In addition, Options may be granted in recognition of the achievement of a particular goal or extraordinary service. The Board considers, among other things, prior Option grants and the overall number of Options that are outstanding relative to the number of outstanding Common Shares in determining whether to grant any additional Options, and the size of such grants.

A summary of the principal terms of the Option Plan are more particularly described under the heading "Securities Authorized for Issuance Under Equity Compensation Plans" below.

RSU Plan

On March 29, 2019, Shareholders approved the RSU Plan. The purpose of the RSU Plan is to assist the Company in attracting, retaining individuals with experience and ability, to allow certain employees to participate in the long-term success of the Company and to promote a greater alignment of interests between the employees designated as participants under the RSU Plan and those of Shareholders. RSUs generally vest in their entirety over three years.

A summary of the principal terms of the RSU Plan are more specifically described under the heading "*Securities Authorized for Issuance Under Equity Compensation Plans*" below.

Perquisites and Personal Benefits

The Company also provides basic perquisites and personal benefits to certain of its NEOs. These perquisites and personal benefits are determined through negotiation of an executive employment agreement with each NEO. While perquisites and personal benefits are intended to fit the Company's overall compensation objectives by serving to attract and retain talented executive officers, the size of the Company and the nature and stage of its business also impacts the level of perquisites and benefits. Currently a benefit program with life insurance and health benefits is offered to all NEOs.

Termination and Change of Control Benefits

For a description of the termination and change of control benefits provided by the Company to the NEOs, please see "*Executive Compensation – Termination and Change of Control Benefits*" below.

Compensation Risk Considerations

The Compensation Committee structures the components of the compensation program in order to generate adequate incentives to increase shareholder value in the long term while maintaining a balance to limit excessive risk taking.

As part of measures in place to mitigate risk related to compensation structure, the Compensation Committee establishes the total compensation of the NEOs based on a balanced approach between fixed and variable compensation components. The use of multiple components limits the risks associated with having the focus on one specific component and provides flexibility to compensate short to medium term goals and long-term objectives in order to maximize shareholder value.

In respect of the fiscal year ended December 31, 2020, the fixed component of the NEOs' compensation composed of the base salary and annual incentive compensation is measured against the achievements of specific corporate objectives established by the Compensation Committee at the beginning of each year. The key objectives are set to position the Company for growth and to maximize shareholder value through the collective effort of the management team.

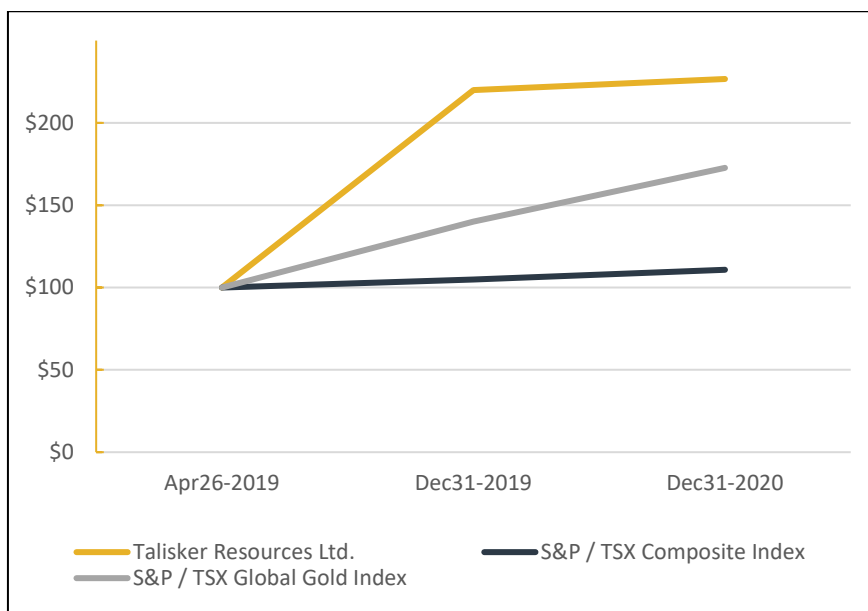

In respect of the year ended December 31, 2020, long-term compensation was comprised of Option awards and RSU awards. The Compensation Committee considers that the granting and vesting policies provide sufficient incentives to motivate NEOs in the long term to increase the overall value of the Company and thereby provide an adequate alignment of their interest with those of the Shareholders. Based on past practice, Option grants generally fully vest on grant and have a five-year term with RSUs vesting over a three year period. The Compensation Committee considers that these characteristics provide sufficient incentives to motivate the NEOs in the long term to increase the overall value of the Company and thereby provide an adequate alignment of their interest with those of the Shareholders.

The Company has not adopted any retirement plan or pension plan for its directors and officers.

Based on the review performed in the last financial year, no risks associated with the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company were identified. The Compensation Committee considers that the procedures and guidelines currently in place to mitigate key risks relating to compensation are adequately managed and do not encourage excessive risk-taking that would be reasonably likely to have a material adverse effect on the Company. The Compensation Committee will continue to monitor and review the Company's compensation policies and practices annually to ensure that no component of the NEOs' compensation constitutes a risk.

- (1) The "grant date fair value" has been determined by using the Black-Scholes model. The assumptions used in the pricing model are highly subjective and can materially affect the estimated fair value. In 2020, the Company granted a total of 1,660,000 Options to NEOs, 500,000 exercisable at \$0.39, 200,000 exercisable at \$0.46 and 960,000 exercisable at \$0.33, all of which are exercisable for a period of five years. Calculating the value of options using this methodology is very different from a simple "in-the-money" value calculation. In fact, options that are out-of-the-money can still have a significant "grant date fair value" based on a Black-Scholes valuation, especially where, as in the case of the Company, the price of the shares underlying the option is highly volatile. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation.
- (2) RSUs have been valued on the closing price of the Company's shares on the date of issuance being \$0.33 on December 11, 2020.
- (3) Amounts included under Other Compensation represent bonuses earned for the year ended December 31, 2020.
- (4) Andres Tinajero is not standing for re-election at the Meeting.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

Stock Option Plan

On March 29, 2019, the shareholders of the Company approved the Stock Option Plan in connection with approving the transaction that resulted in the Company being listed on the Canadian Securities Exchange (the “CSE”). The Stock Option Plan, which conformed with the policies of the CSE, was effective on April 26, 2019 and amendments to the Stock Option Plan to conform with the policies of the TSX were approved by the Board on October 9, 2020. The purpose of the Stock Option Plan is to advance the interests of the Company by encouraging the directors, officers, employees, management company employees and consultants of the Company, and of its subsidiaries and affiliates, if any (each, an “Eligible Person”), to acquire Common Shares, thereby increasing their respective proprietary interests in the Company, encouraging them to remain associated with the Company and furnishing them with additional incentives in their efforts on behalf of the Company in the conduct of its affairs.

The following is a summary of the Stock Option Plan (including the amendments approved by the Board of Directors to conform to the policies of the TSX), which is subject to the specific provisions of the Stock Option Plan. Capitalized terms used by not defined in this section of the Management Information Circular shall have the meaning ascribed to such terms in the Stock Option Plan.

Under the terms of the Stock Option Plan, the aggregate number of securities reserved for issuance under the Stock Option Plan and all share-based compensation plans of the Company is equal to 10% of the number of the Common Shares issued and outstanding from time to time. As a result, should the Company issue additional Common Shares in the future, the number of Shares issuable under the Stock Option Plan and all share-based compensation arrangements of the Company will increase accordingly.

The Stock Option Plan is administered by the Board, which has full and final authority with respect to the granting of all options thereunder and no options will be granted to any Eligible Person except upon the recommendation of the Board.

The Stock Option Plan provides that the exercise price of options will be determined by the Board and shall be the market price (being the closing price of the Common Shares on the TSX on the trading day before the date of grant of the option). The Board has the right to adjust the exercise price of outstanding Options if and whenever the Company declares a dividend. Where the expiry date of an Option occurs during or within two trading days of a Blackout Period, the expiry date of such Option shall be extended to the date that is the 10th trading day following the end of the Blackout Period.

The Stock Option Plan provides that the number of authorized but unissued Common Shares that may be issued upon the exercise or redemption, as applicable, of options and other securities granted under the Company’s share-based compensation arrangements shall not exceed, in the aggregate, 10% of the issued and outstanding Common Shares, all of which may be granted under the Stock Option Plan. The options and other awards under the Company’s share-based compensation arrangements shall not result in the number of Common Shares being reserved for issuance to insiders exceeding 10% of the issued and outstanding Common Shares or the grant to insiders within a 12 month period exceeding 10% of the issued and outstanding Common Shares. Further, the aggregate number of Common Shares reserved for issuance to any one individual under options

and other securities awarded under the Company's share-based compensation arrangements in any 12 month period shall not exceed 5% of the issued and outstanding Common Shares determined at the date of grant.

The Board will set the term of Options granted under the Stock Option Plan and such term cannot exceed 10 years. The Board also fixes the vesting terms it deems appropriate when granting Options under the Stock Option Plan. In the event of a change of control, the Stock Option Plan provides that the Company has the power to make arrangements for the exercise or continuance of outstanding Options prior to the completion of such transaction.

If an optionee ceases to be an Eligible Person for any reason other than death, the optionee may exercise all vested Options until the earlier of the end of the Option Period or 90 days from the date the optionee ceased to be an Eligible Person. In the event of the death of an optionee, the Options granted to such optionee shall be exercisable until the earlier of the end of the Option Period or one year following the death of the optionee, but only by the persons who inherited the Options. Options granted under the Stock Option Plan are not transferable or assignable other than by the laws of bequeath or the laws of descent or distribution or as otherwise allowed by the TSX.

Subject to the provisions of the Stock Option Plan, the Board may amend or discontinue the Stock Option Plan at any time. The Board has the discretion to make amendments to the Stock Option Plan which it may deem necessary, without having to obtain shareholder approval. Such changes include, without limitation: (a) minor changes of a "housekeeping nature"; (b) amending Options, including with respect to the Option Period (provided that the period during which an Option is exercisable does not exceed 10 years from the date the Option is granted and that such Option is not held by an insider), vesting period, exercise method and frequency, subscription price (provided that such Option is not held by an insider) and method of determining the subscription price, assignability and effect of termination of an Optionee's employment or cessation of the Optionee's directorship; (c) changing the class of participants eligible to participate under the Stock Option Plan; (d) accelerating vesting or extending the expiration date of any Option (provided that such Option is not held by an insider), provided that the period during which an Option is exercisable does not exceed 10 years from the date the Option is granted; (e) changing the terms and conditions of any financial assistance which may be provided by the Company to optionees to facilitate the purchase of Common Shares under the Stock Option Plan; and (f) adding a cashless exercise feature, payable in cash or securities, whether or not providing for a full deduction of the number of underlying Common Shares from the Stock Option Plan reserve. Shareholder approval will be required in the case of: (a) any amendment to the amendment provisions of the Stock Option Plan; (b) any increase in the maximum number of Common Shares issuable under the Stock Option Plan; and (c) any reduction in the exercise price or extension of the Option Period benefiting an optionee, in addition to such other matters that may require shareholder approval under the rules and policies of the TSX. The Board has the authority to make the following amendments to the Stock Option Plan, without requiring shareholder approval: (a) amendments of a "housekeeping" nature; (b) a change to the vesting provisions of Options granted pursuant to the Stock Option Plan; and (c) a change to the termination provisions of options granted under the Stock Option Plan which does not entail an extension beyond the original expiry date. All other amendment to the Stock Option Plan or Options granted pursuant to it will require the approval of the Company's shareholders.

As at May 21, 2021, the Company had 15,325,000 Common Shares reserved for issuance pursuant to options outstanding under the Stock Option Plan (representing approximately 6.0% of the Company's issued and outstanding Common Shares). For purposes of calculating the number of Common Shares reserved for issuance and which may be purchased upon the exercise of options granted under the Stock Option Plan, all issued and outstanding options under the Stock Option Plan are treated as if such options are issued and outstanding under the Stock Option Plan. Accordingly, options to purchase an aggregate 25,530,028 Common Shares (being 10% of the current number of issued and outstanding Common Shares) are available for issuance under the Stock Option Plan, less the 15,325,000 Common Shares currently reserved by the Company for conversion pursuant to options granted under the Stock Option Plan and less the 780,000 Common Shares currently reserved by the Company for issuance pursuant to RSUs granted under the RSU Plan, leaving 9,425,028 Common Shares (representing approximately 3.7% of the Company's current issued and outstanding Common Shares) reserved for issuance and available to be granted under the Stock Option Plan and the Company's other share-based compensation arrangements (which includes the RSU Plan).

Restricted Stock Unit Plan

On March 29, 2019, the shareholders of the Company approved the RSU Plan, which replaced the Company's previous plan governing RSUs, which was adopted by shareholders of the Company on June 26, 2017. Amendments to the RSU Plan to conform with the policies of the TSX were approved by the Board on October 9, 2020. The purpose of the RSU Plan is to advance the interests of the Company by attracting and retaining executive officers and key employees with experience and ability, allowing them to participate in the long-term success of the Company and promoting a greater alignment of interests between the executive officers and key employees.

The following is a summary of the RSU Plan (including the amendments approved by the Board of Directors to conform to the policies of the TSX), which is subject to the specific provisions of the RSU Plan. Capitalized terms used by not defined in this section of the Management Information Circular shall have the meaning ascribed to such terms in the RSU Plan.

The RSU Plan provides that RSUs may be granted by the Board, or a committee that administers the RSU Plan, to employees and consultants of the Company.

The number of RSUs awarded will be credited to the participant's account effective on the date of grant of the RSUs. An RSU represents a right to receive a Common Share issued from treasury on the Settlement Date, a lump sum cash payment equal to the market price of the Common Shares on the Settlement Date or a combination of both, less any applicable withholdings or other deductions. The Board may make issuance or payment on the Settlement Date subject to conditions, including in respect of performance and vesting. However, unless the Board determines otherwise, RSUs vest over three years from the date of grant (one-third on each of the first, second and third anniversaries of the date of grant). The Board may accelerate the terms of vesting in its discretion; however, upon a Change of Control all outstanding RSUs vest irrespective of any time or performance vesting conditions.

Under the terms of the RSU Plan, the maximum number of Common Shares made available for issuance under the RSU Plan and all share-based compensation plans of the Company shall not exceed 10% of the number of the Common Shares issued and outstanding. As a result, should the Company issue additional Common Shares in the future, the number of Shares issuable under the RSU Plan and all share-based compensation arrangements of the Company will increase accordingly. The RSU Plan is considered an "evergreen" plan under the TSX rules, since the RSUs which have been settled, cancelled or terminated in accordance with the terms of the RSU Plan will again be available for issuance under the RSU Plan. The TSX requires that such a plan by submitted to shareholders for ratification every three years.

The RSU Plan also provides that, within any 12-month period, the Company shall not issue to any one person under the RSU Plan and all other share-based compensation arrangements of the Company, a number of Common Shares exceeding 5% of the issued and outstanding Common Shares as at the date of such grant.

RSUs are not assignable. In the event a participant is terminated for cause or resigns, all outstanding RSUs are terminated, unless otherwise determined by the Board. If a participant ceases to be an employee as a result of death, termination not for cause, retirement or disability: (a) if there is a time vested component, then the RSUs subject to the time-vested component will be pro rated depending on whether the participant is entitled to a Benefits Extension Period; and (b) if there is a performance vesting component, then the RSUs subject to the performance vesting component will be pro rated depending on whether the participant is entitled to a Benefits Extension Period.

If cash or other dividends are paid on Common Shares, additional RSUs will be granted to each participant who holds RSUs equal to the value of the cash or other dividend that would have been paid on the Common Shares underlying the RSUs, divided by the market price of the Common Shares on the date such dividend is paid and shall have the same vesting or other conditions to which they relate.

The Board may amend, suspend or terminate the RSU Plan or amend the terms of outstanding RSUs. If such amendment, suspension or termination will materially or adversely affect the rights of a participant's RSU, the written consent of such participant shall be required, unless such amendment, suspension or termination is required in order to comply with applicable laws, regulations, rules, orders of government or regulatory authorities or the requirements of any stock exchange on which Common Shares are listed. The Board has the discretion to make amendments to the RSU Plan which it may deem necessary, without having to obtain shareholder

approval. Such changes include, without limitation: (a) amendments of a “housekeeping nature”; and (b) a change to the vesting provisions of RSUs granted pursuant to the RSU Plan. However, shareholder approval will be required in the case of: (a) any amendment to the amendment provisions of the RSU Plan; and (b) any increase in the maximum number of Common Shares issuable under the RSU Plan.

As at May 21, 2021, the Company had 780,000 Common Shares reserved for issuance pursuant to RSUs awarded under the RSU Plan (representing approximately 0.31% of the Company’s issued and outstanding Common Shares). For purposes of calculating the number of Common Shares reserved for issuance under the RSU Plan, all issued and outstanding RSUs under the RSU Plan are treated as if such RSUs are issued and outstanding under the RSU Plan. Accordingly, RSUs convertible into an aggregate of 25,530,028 Common Shares (being 10% of the current number of issued and outstanding Common Shares) are available for issuance under the RSU Plan, less the 780,000 Common Shares currently reserved by the Company for conversion pursuant to RSUs granted under the RSU Plan and less the 15,325,000 Common Shares currently reserved by the Company for issuance pursuant to options granted under the Stock Option Plan, leaving 9,425,028 Common Shares (representing approximately 3.7% of the Company’s current issued and outstanding Common Shares) reserved for issuance and available to be granted under the RSU Plan and the Company’s other share-based compensation arrangements (which includes the Stock Option Plan).

The following provides information with respect to the Company's compliance with the corporate governance requirements of the Canadian Securities Administrators set forth in NI 58-101 and Form 58-101F1 – *Corporate Governance Disclosure*.

Board of Directors

The Board believes that it functions independently of management and reviews its procedures on an ongoing basis to ensure that it is functioning independently of management. In-camera sessions, without management and non-independent directors present, are held after most meetings of the Board, or as circumstances require. When conflicts arise, interested parties are precluded from voting on matters in which they may have an interest. The Board discharges its responsibilities directly and through the committees of the Board: the Audit Committee, comprised of three independent Board members, the Compensation Committee, comprised of three independent Board members, the Corporate Governance and Nominating Committee (the "**CGN Committee**"), comprised of three independent Board members, and the SHEA and Technical Committee, comprised of two independent Board members. Each committee of the Board operates under a formal charter or mandate which is reviewed, and updated as necessary, on an annual or more frequent basis. In fulfilling its responsibilities, the Board delegates day-to-day authority to management of the Company, while reserving the ability to review management decisions and exercise final judgement on any matter. Additionally, historically, members of the Board of Directors who have been nominated and elected as directors are familiar with the Company and the nature of its business.

Ethical Business Conduct

The Board of Directors and senior management of the Company consider good corporate governance to be central to the effective and efficient operation of the Company.

The Board is committed to a high standard of corporate governance practices and believes that this commitment is not only in the best interest of the shareholders, but that it also promotes successful decision making at the Board level. The Board has adopted the Code of Conduct to encourage and promote a culture of ethical business conduct amongst the directors, officers, employees and consultants of the Company. The Code of Conduct is available on the Company's website (www.taliskeresources.com) and on SEDAR (www.sedar.com) under the Company's issuer profile.

The Board, the CGN Committee and the individual directors hold the responsibility for the nomination and assessment of new directors. When presenting shareholders with a slate of nominees for election, the Board considers the following:

- the competencies and skills necessary for the Board as a whole to possess;
- the competencies and skills necessary for each individual director to possess;
- competencies and skills which each new nominee to the Board is expected to bring; and
- whether the proposed nominees to the Board will be able to devote sufficient time and resources to the Company.

The Board also recommends the number of directors on the Board to shareholders for approval, subject to compliance with the requirements of the *Business Corporations Act* (Ontario) ("OBCA") and the Company's articles and by-laws. Between annual shareholder meetings, the Board may appoint directors to serve until the next annual shareholder meeting, subject to compliance with the requirements of the OBCA. Individual directors are responsible for assisting the Board in identifying and recommending new nominees for election to the Board, as needed or appropriate.

The Board will periodically assess the appropriate number of directors on the Board and whether any vacancies on the Board are expected due to retirement or otherwise. If vacancies are anticipated, or otherwise arise, or the size of the Board is expanded, the Board will consider various potential candidates for director. Candidates may come to the attention of the Board through current directors or management, shareholders or other persons. These candidates will be evaluated at a regular or special meeting of the Board, and may be considered at any point during the year.
